

FAILURE

THE WORD THAT EVERYONE IS AFRAID OF

KILLS DREAMS

STOPS YOU FROM
DOING WHAT YOU WANT TO DO

INTERNAL BATTLE

CHALLENGES YOUR OWN IDENTITY AND COMPASSION

KNOCKS YOU DOWN

CREATES
DOUBT

FEEDS FEAR

Failure tells you what does and doesn't work out. Fail 9 times and get it right on the 10th. Fail 99 times and get it right on the 100th. You can only be a failure once you lose the battle and quit. Lose the battle and get back up. Life is and always will be constantly testing you. It wants to see if you will get back up. Prove yourself right. It is the key to growth. Be afraid but go after it anyway. Jump blindly and promise yourself to learn every day.

“Success is not final, failure is not fatal: It is the courage to continue that counts.”

I am proud of you for where you are and where you are heading. Be proud of yourself. You've gone through so much and made it to the next day. You need to keep going on the path. Smile, enjoy life, take in each moment, and be thankful.
